AB Securitas (Pvt) Ltd

EXECUTIVE STATEMENT / DISCLOSURE NOTE

Extending Sustainability & ESG Impact Through

AB Cash Management Services (Pvt) Ltd

Extension of Group Sustainability Strategy and ESG Commitments Through AB Cash Management Services (Pvt) Ltd (ABCMS)

As part of our commitment to sustainable business practices and long-term value creation across all business units, AB Securitas (Pvt) Ltd actively operationalizes its Environmental, Social, and Governance (ESG) agenda through its specialized subsidiary, AB Cash Management Services (Pvt) Ltd (ABCMS).

While AB Securitas historically focused on physical security, risk management, and environmental stewardship initiatives - such as coastal conservation and resource-efficiency projects - our sustainability footprint has evolved. Through ABCMS, we extend sustainable infrastructure, financial inclusion, and carbon reduction directly into the corporate ecosystem.

26	40,000+	19,000	~175 t CO_2e
SBCs as at June 2026	customers reached	first-time accounts	annual carbon avoidance across current deployment

Data note: Figures above are as at June 2026 and reflect the current deployment base under the ABCMS Brown Label Staff-less Mini Bank concept. The network comprised 27 self-banking units, including 26 SBCs. These impact figures are deployment-dependent and will increase as additional units are rolled out.

People. Planet. Commercial resilience.

KEY PILLARS OF EXTENDED SUSTAINABILITY THROUGH ABCMS

Turning Group commitments into measurable operational impact.

PLANET

~175 t CO2e

annual carbon avoidance - June 2026

Sustainable Infrastructure & Resource Conservation

Through ABCMS's Staff-less Mini Bank / Brown Label Self-Service Device (SSD) model, the Group delivers managed infrastructure that replaces resource-intensive conventional bank branches. The smaller-footprint model reduces construction material demand and operating energy consumption. As at June 2026, annual carbon avoidance across the current deployment is approximately 175 tonnes CO2e.

PEOPLE

40,000+

customers reached - June 2026

Financial Inclusion & Regional Empowerment

ABCMS serves as the operational bridge extending essential banking services to rural, underserved and remote communities located an average of 15 km from traditional financial hubs. As at June 2026, the current network has reached more than 40,000 customers and enabled approximately 19,000 first-time bank accounts.

PROFIT

27 units

current self-banking deployment - June 2026

Commercial Resilience & Asset-Light Innovation

ABCMS drives commercial sustainability by transforming from a traditional Cash-in-Transit (CIT) service provider into an owner and operator of customer-facing infrastructure. The managed-service model supports scalable expansion, recurring revenue and long-term economic viability while reducing the capital burden on financial institutions.

All deployment and impact metrics shown on this page are stated as at June 2026. They will change as the ABCMS Brown Label Staff-less Mini Bank network expands.

MEASURABLE IMPACT

A smaller physical footprint. A wider social reach.

The ABCMS model demonstrates how operational innovation can support environmental efficiency, financial inclusion and commercial resilience at the same time.

Indicator	Current disclosure - as at June 2026
Self-banking units under ABCMS Brown Label concept	27
SBCs	26
Customers reached	40,000+
First-time bank accounts	Approx. 19,000
Average distance from traditional financial hubs	Approx. 15 km
Annual carbon avoidance across current deployment	Approx. 175 tonnes CO_2e
Physical footprint comparison	Approx. 200 sq. ft. vs. 1,000 sq. ft. conventional branch
Indicative footprint reduction	Approx. 80%

Date-specific disclosure: Customer reach, first-time account numbers, unit counts and annual carbon avoidance are reported as at June 2026. These figures are expected to rise as deployment expands.

UN SUSTAINABLE DEVELOPMENT GOAL ALIGNMENT

	**Target 8.3 - Decent Work & Economic Growth** Supporting productive activity, enterprise growth and access to financial services through wider banking access.
	**Target 10.2 - Reduced Inequalities** Supporting social and economic inclusion by extending access to rural, underserved and remote communities.

AB Securitas (Pvt) Ltd

GROUP ESG INTEGRATION

Extending sustainability through the operating model.

AB Cash Management Services (Pvt) Ltd represents an extension of AB Securitas' Group sustainability strategy into customer-facing financial infrastructure. The model links environmental efficiency with social access and commercially resilient innovation, demonstrating how sustainability considerations can be embedded into core operating decisions rather than treated as standalone initiatives.

Disclosure Note

This document is intended as a corporate Sustainability & ESG disclosure summarising the extension of AB Securitas (Pvt) Ltd's sustainability strategy through AB Cash Management Services (Pvt) Ltd. Unless otherwise stated, the unit count, customer reach, first-time account figures and annual carbon avoidance figures in this document are stated as at June 2026. These are dynamic, deployment-dependent metrics and are expected to increase as additional self-banking units are deployed.
